

DSS Post Blast Investigation Techniques (PBIT)
Course ID EXPL-CS-0011

As of FY-2020, ATF no longer offers DSS Post Blast Investigation Techniques.

Additionally, ATF is no longer running a standing class open to military students. However, MTTs for military training are available for on-site training, with all associated costs being covered by the sponsoring unit and transferred to ATF via MIPR.

Please direct any course related questions to PBIT@atf.gov or Post Blast Program Manager Steve Wiley at steve.wiley@atf.gov.
