Joint Statement on Shooting in Alexandria, Virginia

WASHINGTON, D.C. — At approximately 7:09 AM today, the Alexandria Police Department responded to the scene at 400 East Monroe Avenue in Alexandria, Virginia. They arrived at 7:12 AM to shots fired in the vicinity of Eugene Simpson Stadium Park, where members of a Congressional baseball team were practicing. Multiple Members of Congress were present on scene, therefore the United States Capitol Police officers were also on scene.

The subject was engaged by law enforcement and shot at approximately 7:14 AM.

Five individuals were transported by Alexandria EMS, Arlington County EMS, and U.S. Park Police helicopter to local hospitals with gunshot wounds. Those transported include a United States Capitol Police officer who is hospitalized and is reported to be in stable condition, a Congressman, one congressional staffer, one lobbyist, and the subject.

A second Congressman sustained minor injuries and was also transported by a medic unit.

One additional United States Capitol Police officer was transported to the hospital in a police cruiser for minor injuries and has been released.

The shooter has been identified by law enforcement as James Hodgkinson, age 66, from Belleville, Illinois. Hodgkinson was taken to the hospital where he succumbed to his injuries.

The FBI is actively investigating Hodgkinson to include his associates, whereabouts, social media impressions, and potential motivations. This is an active investigation that continues to unfold.

The ATF is running a trace on two weapons, to include a rifle and a handgun.

The scene remains an active investigation, where law enforcement, to include the FBI Evidence Response Team, ATF, and Alexandria Police Department, are collecting evidence. In addition, the FBI Springfield and St. Louis Evidence Response Teams are searching the subject's home in Belleville, Illinois.

Individuals who have information regarding Hodgkinson should call the FBI 24-hour access line at 1-800-CALL-FBI and select option 1.
