

# ATF's National Response Team

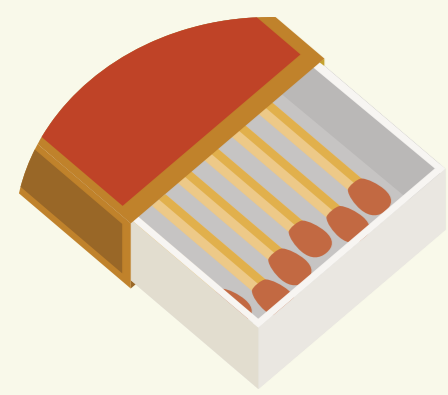

How ATF Assists State/Local Law Enforcement & Fire Agencies

The primary mission of the National Response Team (NRT) is to concentrate ATF explosives and fire investigative resources and expertise on complex large-scale fire and explosion incidents.

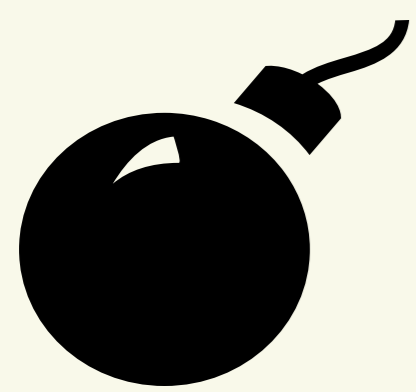

> **820**

Number of NRT Activations since its inception.

**2,041**

Number of fire cases investigated by ATF in FY17.

**1,073**

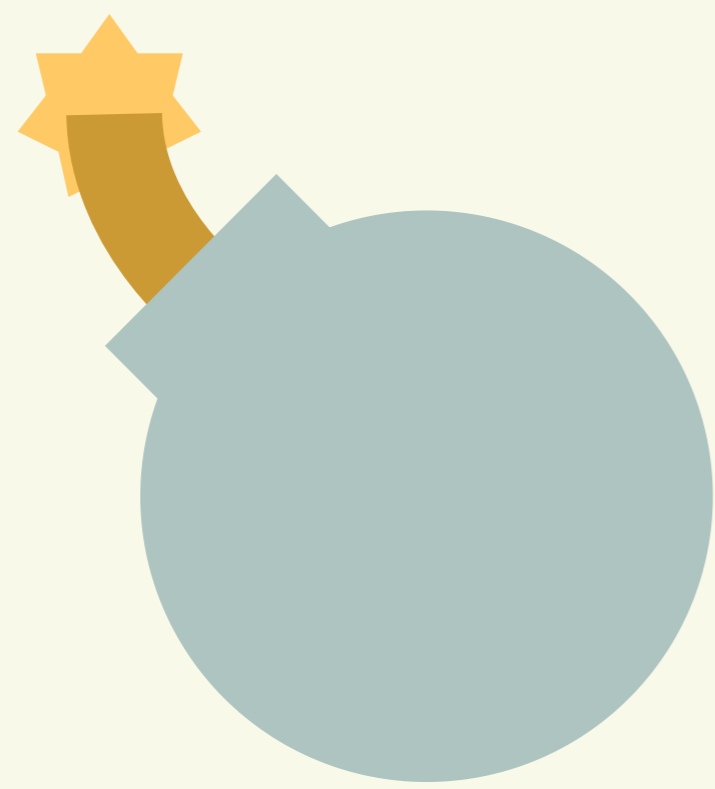

Number of explosives cases investigated by ATF in FY17.

## Each NRT consists of:

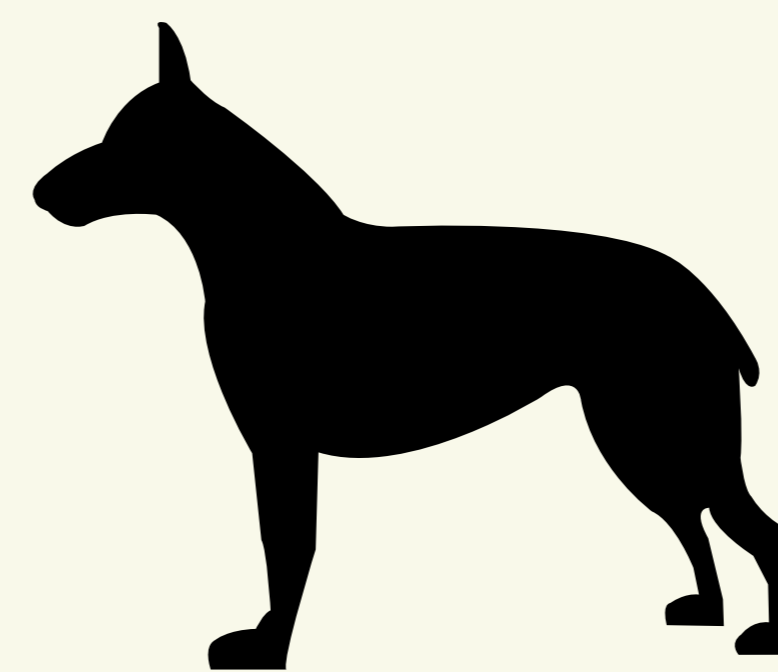

Certified Fire Investigators (CFIs)

Bomb Techs

Scientists/Engineers

Detection K-9s & Handlers

Forensic Auditors

&  
More Experts

**24**

Number of hours it takes the NRT to arrive once deployed.
