April 30, 2010

TO: Integrated Ballistics Identification System (IBIS) Users

FROM: NIBIN Branch

SUBJECT: NIBIN realignment within ATF and Updated Procedures to Request IBIS Training

Recently the NIBIN program has been transferred from the Office of Enforcement Programs and Services to the Office of Science and Technology (OST). As a result of this transfer, some of the duties have been realigned. To make it easier to request IBIS training, we have established the following e-mail address: [nibintraining@atf.gov](mailto:nibintraining@atf.gov).

I have attached the NIBIN Training Application. To request training, just fill out the attached application and have your supervisor send the completed form electronically to [nibintraining@atf.gov](mailto:nibintraining@atf.gov).

If you have any additional questions, you can send them to the NIBIN Training e-mail account, or they can be directed to the following individuals:

NAME:	E-MAIL:	PHONE #:
Martin Ols	<a href="mailto:martin.ols@atf.gov">martin.ols@atf.gov</a>	(240) 264-3845
Angela (Niki) Mincey-McCall	<a href="mailto:Angela.Mincey-McCall@atf.gov">Angela.Mincey-McCall@atf.gov</a>	(404) 417-2733
Karen Molina	<a href="mailto:Karen.Molina@atf.gov">Karen.Molina@atf.gov</a>	(240) 264-1434

For your convenience a list of IBIS training classes is also attached. Please look the list over and if you have anyone interested in getting trained, please let us know.

Also, please note that starting with the May IBIS training course, we are replacing the bullet acquisitions segment with one on correlation reviews. We have revised the training class options due to the growing request by past students to get trained on conducting reviews of correlated images. If you need to be trained on bullet acquisitions, we will schedule you for the next session where we offer than option.

If you have any questions, please feel free to contact me at any time.

Sincerely:

  
Martin G. Ols

NIBIN Program Manager
