January 1, 2006 – December 31, 2006

ATF Firearms Trace Data Disclaimer

Public L. No. 109-108, Consolidated Appropriations Act of 2006, SEC. 621

(1) Firearm traces are designed to assist law enforcement authorities in conducting investigations by tracking the sale and possession of specific firearms. Law enforcement agencies may request firearms traces for any reason, and those reasons are not necessarily reported to the Federal Government. Not all firearms used in crime are traced and not all firearms traced are used in crime.

(2) Firearms selected for tracing are not chosen for purposes of determining which types, makes or models of firearms are used for illicit purposes. The firearms selected do not constitute a random sample and should not be considered representative of the larger universe of all firearms used by criminals, or any subset of that universe. Firearms are normally traced to the first retail seller, and sources reported for firearms traced do not necessarily represent the sources or methods by which firearms in general are acquired for use in crime.

Total Number of Firearms Recovered and Traced in Connecticut by Calendar Year

Firearm Types with a Connecticut Recovery

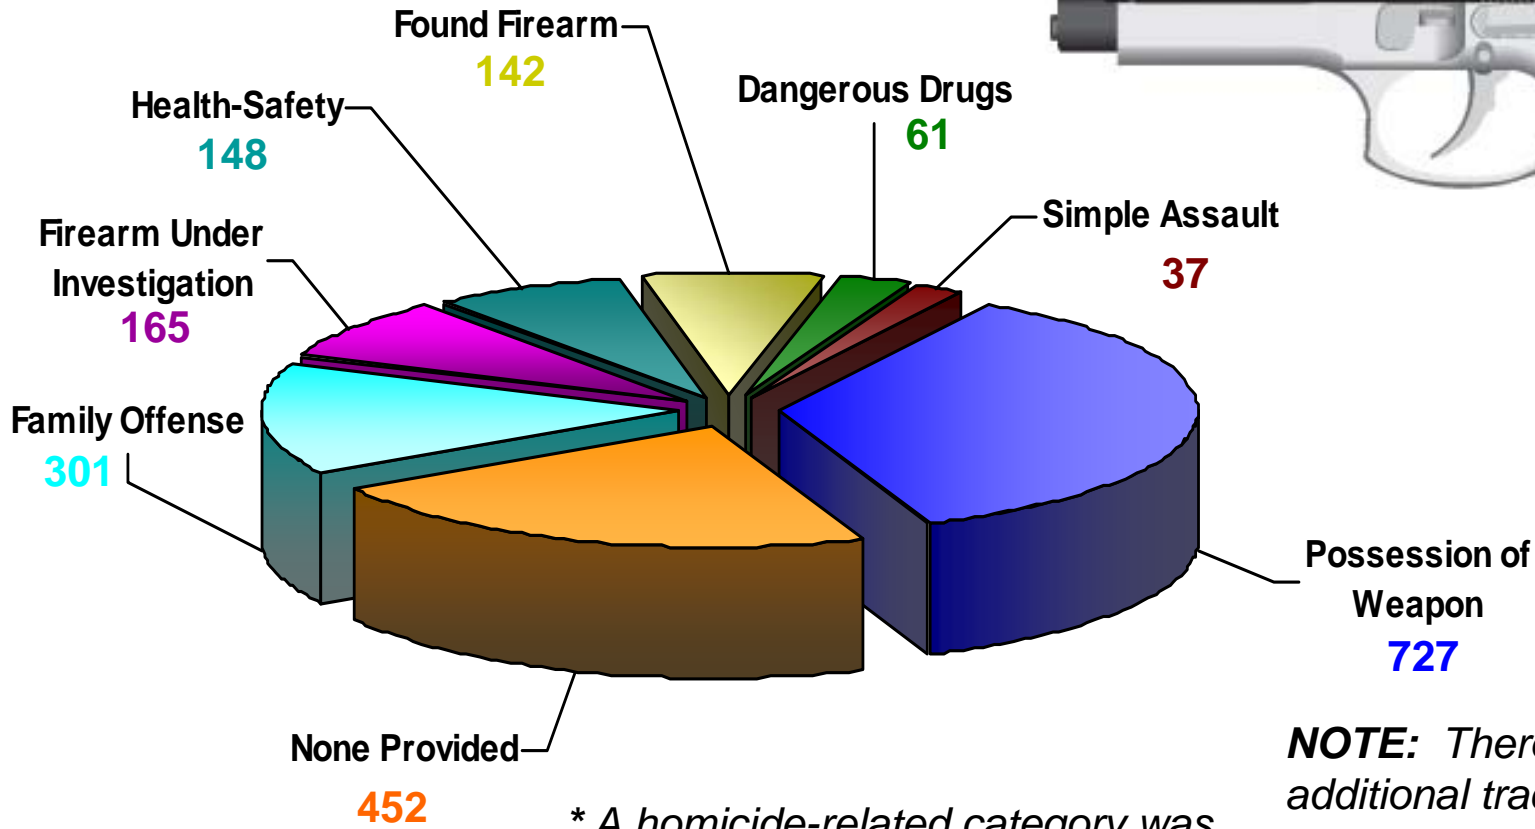

January 1, 2006 – December 31, 2006

**Other includes silencers and unknown types.*
