

respect to each of those portions of the accrued benefit are treated as two separate optional forms of benefit for purposes of applying the provisions of Plan E implementing the requirements of section 417(e)(3) and § 1.417(e)-1(d). Therefore, whether a participant elects to receive a single sum payment of the portion of the benefit earned under the cash balance formula does not affect whether the distribution elected with respect to the portion of the benefit earned as of December 31, 2012, is subject to the minimum present value requirements of section 417(e)(3).

Example 5. (i) The facts are the same as in *Example 4*, except that Plan E also permits a participant to elect, with respect to the cash balance portion of the benefit, to receive a percentage of the accrued benefit chosen by the participant as a single sum and the remainder in any annuity form provided under the plan, with both portions of the payment determined by multiplying the amount that would be payable if the entire benefit were paid in that form by the percentage that applies to that distribution option. Plan E provides that, with respect to such a distribution that is paid partly in the form of a single sum and partly in the form of an annuity, the single sum and the annuity are treated as two separate optional forms of benefit for purposes of applying the provisions of the plan implementing the requirements of section 417(e)(3) and § 1.417(e)-1(d). Participant X retires at age 65, with an accrued benefit under the traditional formula of \$500 per month (earned as of December 31, 2012), and a cash balance hypothetical account of \$45,000. Based on Plan E's actuarial equivalence factors, Participant X's accrued benefit derived from the cash balance hypothetical account is \$320 per month, payable as a life annuity at normal retirement. Participant V elects to receive \$15,000 of the current hypothetical account balance in the form of a single sum and to receive the remainder of the total accrued benefit as a life annuity.

(ii) Under the analysis set forth in *Example 4*, Plan E provides for a bifurcated accrued benefit in accordance with paragraph (d)(7)(C) of this section with respect to the portion of the accrued benefit attributable to the benefit accrued as of December 31, 2012, and the portion of the accrued benefit attributable to the benefit earned under the cash balance formula. Furthermore, Plan E provides that the two different distribution options selected with respect to each of those portions of the accrued benefit are treated as two separate optional forms of benefit for purposes of applying the provisions of Plan E implementing the requirements of section 417(e)(3) and § 1.417(e)-1(d). Thus, a separate distribution option may be chosen for each of these two portions, and section 417(e)(3) applies separately to each portion.

(iii) In accordance with paragraphs (d)(7)(ii)(B) and (d)(7)(iv) of this section, the portion of the accrued benefit under Plan E earned under the cash balance formula is also a bifurcated accrued benefit because Plan E provides for a participant to select a single-sum distribution with respect to a portion of the cash balance formula accrued benefit and an annuity distribution option with respect

to the remaining portion of the cash balance formula accrued benefit, each distribution option is available with respect to the entire cash balance formula accrued benefit, and the amount of the distribution with respect to each distribution option applied to its respective portion of the cash balance formula accrued benefit is the pro rata portion of the amount of the distribution that would be determined if that distribution option had been applied to the entire cash balance formula accrued benefit. Furthermore, Plan E provides that the two different distribution options selected with respect to each of those portions of the cash balance formula accrued benefit are treated as two separate optional forms of benefit for purposes of applying the provisions of Plan E implementing the requirements of section 417(e)(3) and § 1.417(e)-1(d). Thus, under paragraph (d)(7)(iv) of this section, 1/3 of the cash balance hypothetical account is paid as a single sum (that is, \$15,000 ÷ \$45,000), and the remaining 2/3 of the cash balance hypothetical account, or \$30,000, is converted to an annuity benefit of 2/3 × \$320, or \$213.33 per month.

(iv) Participant X therefore receives a single sum payment of \$15,000, representing the portion of the current hypothetical account balance that X elected to receive as a single sum. In addition, Participant X receives a monthly life annuity of \$713.33 per month (equal to the \$500 benefit attributable to the benefit earned as of December 31, 2012, plus the \$213.33 portion of the cash balance benefit paid as an annuity). Participant X's election to receive a single sum payment of part of the benefit earned under the cash balance formula does not affect whether the remainder of Participant X's distribution is subject to the minimum present value requirements of section 417(e)(3).

(8) *Effective/applicability date*—(i) *In general.* Except as otherwise provided in this paragraph (d)(8), this paragraph (d) applies to distributions with annuity starting dates in plan years beginning on or after January 1, 1995.

* * * * *

(v) Paragraph (d)(7) of this section applies to distributions with annuity starting dates in plan years beginning on or after the date final regulations that finalize these proposed regulations are published in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

I. Background

The Attorney General is responsible for enforcing the provisions of the Gun Control Act of 1968 (“the Act”), 18 U.S.C. Chapter 44. He has delegated that responsibility to the Director of ATF, subject to the direction of the Attorney General and the Deputy Attorney General. 28 CFR 0.130(a). ATF has promulgated regulations that implement the provisions of the Act in 27 CFR Part 478.

The regulations in Subpart E of Part 478, sections 478.71–478.78, relate to proceedings involving federal firearms licenses, including the denial, suspension, or revocation of a license, or the imposition of a civil fine. In particular, § 478.71 provides that the Director of ATF may issue a notice of denial on ATF Form 4498 (Notice of Denial of Application for License) to an applicant for a license if he has reason to believe that the applicant is not qualified, under the provisions of § 478.47, to receive a license. The notice sets forth the matters of fact and law relied upon in determining that the application should be denied, and affords the applicant 15 days from the date of receipt of the notice in which to request a hearing to review the denial. If a request for a hearing is not filed within such time, the application is disapproved and a copy, so marked, is returned to the applicant.

Under § 478.72, an applicant who has been denied an original or renewal license may file a request with the Director of Industry Operations (DIO) for a hearing to review the denial of the application. On conclusion of the hearing and after consideration of all relevant facts and circumstances presented by the applicant or his representative, the Director (or his or her delegate) renders a decision confirming or reversing the denial of the application. If the decision is that the denial should stand, a certified copy of the Director’s findings and conclusions are furnished to the applicant with a final notice of denial, ATF Form 4501 (now ATF Form 5300.13), Final Notice of Denial of Application or Revocation

of Firearms License. In addition, a copy of the application, marked “Disapproved,” is furnished to the applicant. If the decision is that the license applied for should be issued, the applicant will be so notified, in writing, and the license will be issued.

Section 478.73 provides that whenever the Director has reason to believe that a firearms licensee has willfully violated any provision of the Act or part 478, a notice of revocation of the license (ATF Form 4500) may be issued. In addition, a notice of revocation, suspension, or imposition of a civil fine may be issued on ATF Form 4500 whenever the Director has reason to believe that a licensee has knowingly transferred a firearm to an unlicensed person and knowingly failed to comply with the requirements of 18 U.S.C. 922(t)(1), relating to a NICS (National Instant Criminal Background Check System) background check. Additionally, under 18 U.S.C. 924(p)(1)(A) and 922 (z), a notice of suspension or revocation of a license, or the imposition of a civil penalty, may be issued when a licensee sells, delivers, or transfers any handgun to any unlicensed person without providing a secure gun storage or safety device for the handgun.

As specified in § 478.74, a licensee who receives a notice of license suspension or revocation of a license, or imposition of a civil fine, may file a request for a hearing with the Director of Industry Operations. On conclusion of the hearing and after consideration of all the relevant information presented at the hearing, the Director renders a decision and prepares a brief summary of the findings and conclusions on which the decision was based. If the decision is that the license should be revoked or, in actions under 18 U.S.C. 922(t)(5) (or 924(p)), that the license should be revoked or suspended, or that a civil fine should be imposed, a certified copy of the summary is furnished to the licensee with the final notice of revocation, suspension, or imposition of a civil fine on ATF Form 4501. If the decision is that the license should not be revoked, or in actions under 18 U.S.C. 922(t)(5) (or 924(p)), that the license should not be revoked or suspended, and a civil fine should not be imposed, the licensee will be notified in writing.

Under § 478.76, a firearms licensee or an applicant for a firearms license may be represented at a hearing by an attorney, certified public accountant, or other person recognized to practice before ATF, provided certain requirements are met. The Director may be represented in hearing proceedings by an attorney in the Office of Chief

Counsel or authorized Division Counsel. Pursuant to § 478.77, hearings concerning notification of license denials, suspensions, revocations, or the imposition of a civil fine must be held in a location convenient to the aggrieved party.

Currently, ATF has procedures regarding administrative hearings held as part of firearms license proceedings (see ATF 36N, 75 FR 48362, Aug. 10, 2010).

II. Proposed Rule—Clarification of Hearing Proceedings

As indicated above, the regulations provide certain information regarding hearings relative to firearms license proceedings, e.g., who can request a hearing, where the hearing is held, and that the person requesting a hearing is entitled to representation. ATF believes that other aspects of the hearing process should be clarified in the regulations. For example, hearings are informal in nature and adherence to civil court rules and procedures is not required. In addition, persons who request a hearing have an opportunity at that time for the submission and consideration of facts, arguments, offers of settlement, or proposals of adjustment. These provisions are being incorporated into the proposed regulations.

The proposed regulations are intended to ensure that federal firearms licensees and applicants for a federal firearms license are familiar with the hearing process relative to the denial, suspension, or revocation of a firearms license, or imposition of a civil fine.

How This Document Complies With the Federal Administrative Requirements for Rulemaking

A. Executive Order 12866

This proposed rule has been drafted and reviewed in accordance with Executive Order 12866, “Regulatory Planning and Review,” section 1(b), Principles of Regulation. The Department of Justice has determined that this proposed rule is a “significant regulatory action” under Executive Order 12866, section 3(f), Regulatory Planning and Review, and accordingly this proposed rule has been reviewed by the Office of Management and Budget. However, this proposed rule will not have an annual effect on the economy of \$100 million, nor will it adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments or communities. Accordingly, this proposed rule is not an “economically significant”

rulemaking as defined by Executive Order 12866.

The proposed amendments merely clarify that an administrative hearing, pursuant to a firearms license proceeding, is held in an informal setting where a federal firearms licensee or an applicant for a federal firearms license will have the opportunity for the submission and consideration of facts, arguments, offers of settlement or proposals of adjustment for review and consideration by the Director of ATF.

B. Executive Order 13132

This proposed regulation will not have substantial direct effects on the States, on the relationship between the Federal Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, the Attorney General has determined that this proposed regulation will not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

C. Executive Order 12988

This proposed regulation meets the applicable standards set forth in sections 3(a) and 3(b)(2) of Executive Order 12988.

D. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 605(b)) requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and small governmental jurisdictions. The Attorney General has reviewed this proposed rule and, by approving it, certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities. The proposed amendments merely clarify that an administrative hearing, pursuant to a firearms license proceeding, is held in an informal setting where a federal firearms licensee or an applicant for a federal firearms license will have the opportunity for the submission and consideration of facts, arguments, offers of settlement, or proposals of adjustment for consideration by the Director of ATF.

E. Small Business Regulatory Enforcement Fairness Act of 1996

This proposed rule is not a major rule as defined by section 251 of the Small Business Regulatory Enforcement Fairness Act of 1996, 5 U.S.C. 804. This proposed rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

F. Unfunded Mandates Reform Act of 1995

This proposed rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector of \$100 million or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

G. Paperwork Reduction Act

This proposed rule does not impose any new reporting or recordkeeping requirements under the Paperwork Reduction Act.
