

ATF's National Response Team

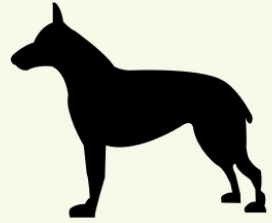

How ATF Assists State/Local Law Enforcement & Fire Agencies

The mission of the National Response Team (NRT) is to assist with the investigation of significant fire and explosion incidents at the request of federal, state, and/or local investigators.

-  **> 775** Number of NRT Activations since its inception.
-  **1,818** Number of arson cases investigated by ATF in FY14.
-  **859** Number of explosives cases investigated by ATF in FY14.

Each NRT consists of:

-  Certified Fire Investigators (CFIs)
-  Bomb Techs
-  Scientists/Engineers
-  Detection K-9s & Handlers
-  Forensic Auditors
- & More Experts**

- 117** Number of ATF CFIs in the nation.
- 87** Number of cities that have CFIs.
- 24** Number of hours it takes the NRT to arrive once deployed.
