## ATF STAFFING AND BUDGET

ATF is a unique law enforcement agency in the U.S. Department of Justice that protects our communities from violent criminals, criminal organizations, the illegal use and trafficking of firearms, the illegal use and storage of explosives, acts of arson and bombings, acts of terrorism, and the illegal diversion of alcohol and tobacco products. The men and women of ATF perform the dual responsibilities of enforcing federal criminal laws and regulating the firearms and explosives industries.

In 1973, ATF had 3,829 employees, including 1,622 special agents and 826 industry operations investigators. The agency's budget was less than \$74 million.

Today ATF has 4,719 employees, including 2,402 special agents and 791 industry operations investigators. The agency's budget is about \$1.07 billion.
